Ok will do.

We are working hard to get the Phase II SAP out the door to you today.

We will focus on the comments over the next week.

Most likely we'll want to have a call sometime in the near future to discuss the comments and also regroup on schedule.

Thank you.

Subject: FW: Review of CFAC response to comments-Risk work plans

Hello Michael,

Attached please find our review of CFAC's response to our comments to the Baseline Ecological Risk Assessment Work Plan and the Baseline Human Health Risk Assessment Work Plan.

In general, I feel it is too early to start dismissing or eliminating guidance criteria and we need to follow the process through. I appreciate the effort this takes on everyone's behalf and this will help us with our decisions in the future.

Thanks,
Mike
